# The family of 3M™ Littmann® Stethoscopes

A trusted leader in innovative auscultation technology, 3M Littmann stethoscopes are renowned worldwide for unsurpassed quality. The 3M Littmann brand name is your assurance of precision, acoustical superiority, innovative design and exceptional performance.

3M offers a wide variety of stethoscopes to meet your auscultation needs. Whichever model you choose, you can depend on 3M Littmann stethoscopes to provide years of superior performance and service.

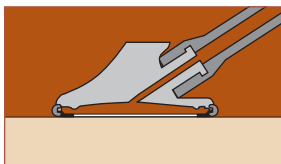

As a professional who requires the finest in precision instrumentation, invest in the performance that 3M Littmann stethoscopes provide.

## The Convenience of 3M™ Littmann® Stethoscope's Tunable Technology

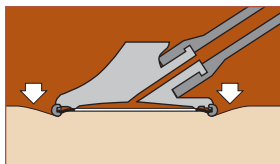

3M Littmann stethoscope's tunable diaphragm technology offers enhanced acoustics, versatility, and time-saving convenience.

Switching between bell and diaphragm modes is as easy as a simple pressure change on the chestpiece. There is no longer a need to remove, index, and replace for same site auscultation.

**Bell Mode**  
(low-frequency)

Light contact with chestpiece allows you to hear low-frequency sounds.

**Diaphragm Mode**  
(high-frequency)

Without turning the chestpiece over, use firm pressure to hear high-frequency sounds.

# 3M™ Littmann® Stethoscope Ordering Information

(Length = total length from eartips to and including chestpiece)
